## *Parish Computer System*

### *By OmniData Corporation*

 OmniData is a Microsoft Solution Provider and Software Developer that has specialized in Parish and Parish School Software. At the request of His Eminence Cardinal Roger Mahony, Archbishop of Los Angeles, OmniData has developed a comprehensive software program for parishes. PCS - Parish Computer System - was developed under the guidance of His Excellency Thomas Curry, Bishop of the Santa Barbara Pastoral Region. The resultant product, PCS, is specifically tailored to parish criteria. It is now used in over 100 parishes and Catholic schools throughout the Archdiocese. Additionally, OmniData is the official provider/developer of the PCS software for the Diocese of San Diego.

 Parish Computer System (PCS) by OmniData is a comprehensive software program specifically designed for parish staff, and volunteers, with all the tools for complete parish management. PCS is a fully integrated, multi-user open system "customizable" to meet the individual needs of each parish. Based on Microsoft Office 2000 technology, PCS is truly a user friendly, "one stop shopping" system.

 ***PCS is the NEXT Generation of Parish Software.*** PCS enables full utilization of the Internet by allowing data to be published to a parish's own PCS designed custom Web site. Publish general parish information, parishioner data, contribution statements, parish schedules, ministry schedules, parish school homework, fees, and volunteer activity.

 ***PCS is the NEXT Generation of Parish Software.*** Parishioners view via the Web Site; census data, contribution statements, parish schedules, ministry schedules, parish school homework, fees, and volunteer activity. Parishioners Update parish census data, register for parish events, new parishioners registration.

 ***PCS is the NEXT Generation of Parish Software.*** A single parish database for all parish activities and organizations.
